Video

Suitable Crops

STANDARD FEATURES

- High-capacity conveyor cart for a wide variety of tree nut crops
- Modular design offered in both auger and stick remover configurations
- Compatible with all current shuttle and bankout configurations (rear, side and front unload)
- Shallow elevator angle with increased clearance ensures smooth flow and prevents plugging
- Industry leading unload speeds of less than 1 minute for most crops
- 2-hose hydraulic system for simple hookup and operation
- Turn signals and flashers for improved road safety
- Rear view video camera

CART 1500 OPTIONS

- POWER ASSIST WHEELS
- STICK BOX

AUGER FEATURES

- Dual high-capacity augers to produce a full and balanced load in the cart
- Auger or Stick Remover Configuration
- Power Assist Drive Wheels
- Conveyor Chain Type

SPECIFICATIONS

HYDRAULIC REQ.	68-76 LPM (18-20 GPM) @ 2,800 PSI
TIRES	400 / 60 X 15.50, 14 PLY
CONVEYOR AND ELEVATOR WIDTH	112 CM (44 IN)
STICK CHAIN WIDTH	137 CM (54 IN)
WEIGHT AUGER	2,585 KG (5,700 LBS)
WEIGHT STICK REMOVER	3,500 KG (7,700 LBS) (EMPTY)
MAX. LOAD	6,800 KG (15,000 LBS)

STICK REMOVER FEATURES

- Deliver a cleaner product to the huller, which reduces costs and increases crop quality
- Stick chain reversing valve for service and clearing jams
- Robust stick box with reliable hydraulically actuated door
